iOS (Apple) Setup
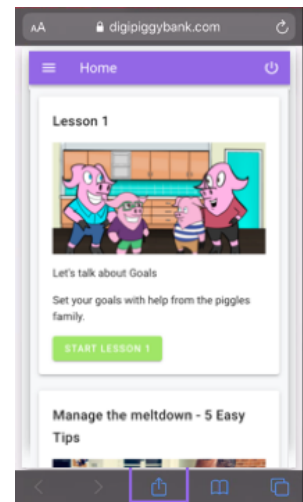

Follow the instructions below for easier login on an Apple device.

1. On your mobile device, open up Safari.
2. Navigate to https://digipiggybank.com
3. Sign in with the provided login credentials.
4. If a pop-up comes up asking if you would like Safari to remember your username/password, select yes.
5. After login, select the Share button found in the center of the bottom row of icons (pictured right).
6. Scroll down and select "Add to Home Screen".
7. The app is now available from your home screen.

Android Setup

Follow the instructions below for easier login on an Android device.

1. On your mobile device, open up Chrome.
2. Navigate to https://digipiggybank.com
3. Sign in with the provided login credentials.
4. If a pop-up comes up asking if you would like Chrome to remember your username/password, select yes.
5. After login, select the Chrome settings (three vertical dots) in the top right corner (pictured right).
6. Select "Add to Home Screen".
7. The name DigiPiggy should already be filled in with the pig icon. Select "Add".
8. The app is now available from your home screen.
